WHAT DOES IT DO?

- Visibly targets forehead lines & wrinkles
- Hydrates, smooths & plumps
- Helps encourage collagen synthesis
- Boosts absorption of underlying serum

DIRECTIONS

Remove adhesive strip from edge of patch. Press patch gently onto cleansed, dry skin. For optimal results, apply serum and let dry before applying patch. (Note: if skin is wet before application, adhesive will not stick.) Leave patch on for a minimum of 30 minutes, or overnight.
